

Postmark® White Wove

Postmark® White Wove strikes the ideal balance between appearance and runnability. It is designed to give high quality print performance and run well on a variety of high-speed converting equipment. Postmark® White Wove is an excellent choice for a broad range of white envelope applications.

Basis Wt* (LBS)	Caliper (MIL.)	Smoothness (SU)	Brightness (GE)	Opacity (%)
20	4.3	200	92	88
24	4.9	170	92	91
28	5.6	170	92	94
32	6.0	150	92	96

*Based on 17" x 22" sheet

Features

- Consistent performance on envelope converting equipment
- Excellent insertion speed
- Engineered to print and convert well
- Superior strength and stiffness properties
- Good opacity
- Manufactured with certified sustainable fibers
- Acid free
- Good formation

Envelope Papers

Benefits

- Bright, rich colors
- High quality flexographic, inkjet and offset printing performance
- Excellent image reproduction and ink holdout

End Uses and Compatibility

- Direct Mail
- Transactional Mail
- Greeting Cards
